Washington State Long-Term Air Transportation Study

Phase I Technical Report

Airport System Facility and Capacity Assessment

**September 30, 2006
(Revised June 30, 2007)**

The following statement is provided as required by Paragraph 429.a of Federal Aviation Administration Order 5100.38, Airport Improvement Program (AIP) Handbook:

The preparation of this document was financed in part through a planning grant (AIP 3-53-0000-05) from the Federal Aviation Administration as provided under Section 505 of the Airport and Airway Improvement Act of 1982. The contents do not necessarily reflect the official views or policy of the FAA. Acceptance of this report by the FAA does not in any way constitute a commitment on the part of the United States to participate in any development depicted therein; nor does it indicate that the proposed development is environmentally acceptable in accordance with appropriate public laws.

In addition, this report was partially funded by grants from Washington State.

The report was developed through a joint effort with the Washington Department of Transportation (WSDOT), Aviation Division and the SH&E study team which included Simat, Helliesen & Eichner, Inc. (SH&E), W&H Pacific, URS Corp., Pacific Rim Research (PRR) and Cambridge Systematics, Inc. (CSI).

WSDOT Aviation expresses its appreciation to airport sponsors and the LATS Technical Advisory Committee for their participation in the development of this report.

|---|------------|
| Table of Figures..... | iii |
| Executive Summary | 1 |
| Study Overview | 1 |
| What is Included in the Phase I Report? | 1 |
| How Was Capacity Assessed? | 2 |
| Summary of Key Findings..... | 3 |
| Next Steps..... | 4 |
| Chapter 1: Introduction..... | 7 |
| Why Study Washington's Aviation System?..... | 7 |
| What is the State's Interest in Aviation?..... | 7 |
| What are the Issues? | 8 |
| A Phased Study..... | 9 |
| What Does the State Aviation System Look Like? | 11 |
| What Specifically is Addressed in LATS Phase I?..... | 11 |
| Chapter 2: How Did We Assess Washington's Aviation System? | 13 |
| Who is this Report Written for?..... | 13 |
| What was the Data Collection Methodology? | 17 |
| How Does LATS Evaluate the Performance of the Aviation System?..... | 18 |
| How Will Revisions to the Phase I Report Be Evaluated? | 19 |
| Chapter 3: How Does LATS Measure Aviation System Performance?..... | 21 |
| How Does LATS Measure Aviation System Capacity and Services?..... | 21 |
| How Does LATS Evaluate Regional Aviation Performance? | 25 |
| How Does LATS Evaluate the Role of Airports in the National and State Aviation Systems?..... | 32 |

| | |
|---|------------|
| Chapter 4: Does Washington's Aviation System Provide Adequate Capacity To Meet Existing Demand?..... | 51 |
| How is Existing Capacity Measured in This Report? | 51 |
| What is the Existing Capacity of the Four Special Emphasis Regions? | 66 |
| What is the Existing Capacity of Each RTPO? | 94 |
| Chapter 5: Are Washington's Aviation System Facilities, Activities and Services Adequate? | 105 |
| State System Facilities, Activities and Services Overview..... | 105 |
| Who Operates Washington's Airports? | 106 |
| What is Happening at Washington's Airports? | 108 |
| Which Facilities and Services are Available at Washington's Airports? | 114 |
| How is Aviation System Performance Assessed?..... | 129 |
| How is the Aviation System Performing On Specific Minimum Criteria Set for Airport Classifications? | 137 |
| How is the Aviation System Performing Based on Objectives Set for Each Classification? | 150 |
| Chapter 6: What Did We Learn? | 165 |
| Chapter 7: What's Next? | 171 |
| Phase II: | 171 |
| Phase III: | 172 |
| Appendix A: Detailed Table of Washington State Airports... | 173 |
| Appendix B: Technical Memos..... | 179 |
| Technical Memo 1: Data Collection | 179 |
| Technical Memo 2: Airspace System Analysis | 180 |
| Appendix C: Communication Plan..... | 197 |
| Public Outreach and Involvement..... | 197 |
| Appendix D: Glossary | 209 |
| Airport Abbreviations | 211 |
